

2018 Officer Nominees

President Nominee

Sean C. Sweeney, P.E.

Associate

Barton & Loguidice, DPC

Mr. Sweeney is an Associate with Barton & Loguidice, DPC responsible for their Pennsylvania and Maryland offices and operations. Mr. Sweeney has spent his entire career in the design, permitting, construction and operation of solid waste management projects and facilities. He is currently a licensed professional engineer in Pennsylvania, Maryland and New York, and has worked throughout the U.S. and internationally. Mr. Sweeney's career has included work on a wide range of solid waste management facilities including landfills, recycling facilities, transfer stations, construction and demolition debris processing facilities, and composting facilities. Increasingly his work has focused on renewable energy development, and the beneficial use of waste resources. Mr. Sweeney holds a BS in Agricultural & Biological Engineering with a Minor in Environmental Engineering from The Pennsylvania State University, and M. Eng. graduate course work in Environmental Engineering from The Pennsylvania State University Harrisburg. He serves as a board member of the Tau Phi Delta Foundation, a natural resources education 501(c)3, and resides with his wife and two sons in Wheatfield Township, PA.

Vice President Nominee

Michele Nestor

Principal/President

Nestor Resources, Inc.

Michele Nestor has served as the Principal and President of Nestor Resources, Inc., since 1996. With over 30 years of management experience she has continued to advance her career in the waste and recycling industry. Her prior positions have included Director of Project Management for a consulting engineering firm; Director of Environmental Compliance & Government Affairs, and Corporate Director of Sales and Marketing for two collection and processing companies.

From offices located in the Greater Pittsburgh, Pennsylvania area, Ms. Nestor provides consulting, and project management services to a broad range of clients throughout the USA and Canada. Primarily, she focuses on long range strategic planning and the development of resource management systems for counties and municipal government. Michele works with public and private operations to help improve their profitability through process evaluation, a realignment of rates and services, and an overall organizational restructuring. She designs and evaluates requests for proposals and bid specifications and helps to negotiate contracts for a variety of services.

Michele is known for her ability to successfully develop public/private partnerships and encourage private investment to achieve local goals.

In addition to running her own business, Ms. Nestor is the current Secretary of the Board of Directors of the Keystone Chapter of SWANA and serves as the conference chair. Michele is Chair of the Board of Directors of the Pennsylvania Recycling Markets Center located at Penn State University. She serves as Chair of the PADEP Solid Waste Advisory Committee and the Recycling Fund Advisory Committee. Michele is a member of the National Waste & Recycling Association and participates in their Recycling Committee and Women's Council. In addition, she just completed multiple terms as Chair of the Recycling Organizations of the National Recycling Coalition, where she was a former Vice President. Michele was elected to several terms on the Board of Directors of the Professional Recyclers of Pennsylvania until she voluntarily stepped down to serve as a proxy.

Michele is frequently invited to be a speaker at waste and recycling conferences. Most recently she was the keynote speaker in Michigan, Arizona, Ontario and New York. Since 1998, Michele has provided a number of training seminars at Waste Expo. Ms. Nestor's regular monthly column, *Source Separated*, appears in *Waste 360* published by Informa Media. She also publishes the *4R News Network*, a small newsletter distributed to clients and other subscribers.

Secretary Nominee

Tom Lock

Regional Manager
SCS Field Services

Tom Lock is a Regional Manager with SCS Field Services in Harrisburg, PA. He has over 33 years of experience in landfill gas collection system operations and maintenance (O&M) and environmental compliance monitoring in the solid waste management industry. Twenty of those years have been with SCS where he oversees O&M projects in the northeast U.S. Tom earned bachelors of science degrees from Penn State University in Earth Science, concentrating in geology, and in secondary education (science). He has been a SWANA member since 1988 and has been active in the Keystone Chapter since 1998. For the past four years he has served on the Board of Directors of the Keystone Chapter. Tom also serves SWANA at the national level as the Vice Chair of the LFG Technical Division's Field Practices Committee. Tom lives with his wife, Julia, in Juniata County, PA.

Treasurer Nominee

Lynne Jeffries

Operations Administrative Assistant
Chester County Solid Waste Authority

Lynne is native to Lancaster County. She is a USAF veteran and worked 20 years as a geriatric charge nurse in nursing homes, as well as, worked at Lancaster Regional Hospital in the Dual Diagnosis Unit. She is a retired Postmaster, performing duties such as: Managing up to 50 employees, responsible for clerk, city and rural operations. Maintaining and spreading annual budget hours. Responsible for maintaining financial monies, stamp stock. Other Postmaster duties were maintaining delivery areas, managing city and rural routes, working with local government to set up new delivery services. She was a member of the POS teams who taught managers and clerks the new POS system during the systems' deployment in the Eastern Area of Pa. She also worked in the capacity of OIC (Officer in Charge) on assignment to go into Post Offices and balance their financial mismanagement of stamp stock and monies. Currently, Lynne is the OPS Administrative Assistant at the CCSWA. She consolidates bills, prepares them to be approved and sent to Accounts Payable. Manages employee timecards, leave balances, and other administrative duties. She is also in charge of five employees to ensure the Landfill Support Division operates smoothly to provide backup services to the landfill operators and maintain public areas to provide a safe environment.
